

COF IDEAS – AN ECONOMY FOR SOCIETY

A NATIONAL DISCUSSION

Our economic model of development is failing us. Unemployment is high, public services are being cut and wealth is increasingly concentrated in the hands of the few. It is time to talk about alternatives. It's time to talk about an economy for society.

Join us in Cork to debate the social, environmental and economic reasons for change. Join us to debate the elements for an alternative approach to development in Ireland.

Claiming our Future, in association with PlanBetter, is organizing this

national discussion. Individuals and organizations from the full breadth of civil society will take part. A working group will be organized to follow up the ideas discussed and to take action to promote an economy for society.

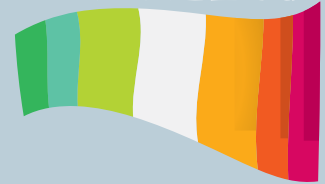

The discussion will focus on prosperity and what we mean by prosperity. It will explore how current policies might or might not serve our vision of prosperity. It will examine what we can do to promote alternatives.

JOIN THE NATIONAL DISCUSSION IN CORK ON NOVEMBER 5TH 2011
